## NEWS ITEMS OF INTEREST.

Two spiritualistic mediums did not do all they had promised, at a seance at South Abington, Mass., and the crowd threw them violently into the street.

A French chemist asserts that if tea be ground like coffee, immediately before hot water is poured upon it, its exhilarating qualities will be doubled.

A little boy's remark in school, at Pottsville, Ind., that he knew a good way to kill babies, which was by throwing them out of a window, led to the discovery of a child murder.

A Mr. Harris, formerly of Preston, England, has left that town \$1,250,000 for educational purposes, and 500,000 to what is known as the Queen Anne's Bounty Fund for aiding poor clergy.

The London Standard proposes a lottery, under the sanction of the Lord Mayor and Corporation of Dublin, for the relief of the Irish distress. The proposition meets with favor in several other quarters.

Miss Butler of Pittsburg, Pa., had looked for a man under her bed every night for many years, and at last she found not one there, but four. They were black masks, and left her bound gagged when they went off with the family plate and jewelry.

Charles Jones, a third owner of a Leadville mine worth \$1,000,000, died without making a will. A lawyer taking advantage of a small mortgage, got fraudulent possession of the property; but some miners discovered the scheme, and have found heirs in a poverty stricken Vermont family.

A London paper, in tracing the mode in which 123 of the titled families of England have acquired lands, states that scarcely a dozen of the number got them by professional or commercial pursuits. The writer asserts that not one-tenth of the 5,500,000 acres possessed by the 123 was acquired for value received.

Aaron Barnes of Independence, Iowa was advised to go to the poorhouse, as he was old, infirm, and destitute; but he said: "I'll die first," and hobbled away from the village store toward his lonely shanty. He was not seen after that for a week, and was then found dead, from hunger and cold, by a messenger who brought the news that his claim for \$1,600 pension money had been allowed.

Before committing suicide, in Chicago, John George Koenig bequeathed his body, which was about all he owned, as follows: "I request to have my body handed to the Chicago Medical College dissecting room; but, should they refuse to take it, then please offer it to some other college. A few months ago when I spoke to a student of the C. M. C. asking him what kind of a subject I would make for that purpose, he thought I was too fat."

Dan Rybolt started for church, at Freeseville, Minn., and on the way asked a neighbor who was to preach, "Parson Newling," was the reply. "I'd rather die than hear him," said Dan, and he turned off toward a wood. He was afterward found hanging lifeless to a tree. The belief is that, as the clergyman was delivering a course of sermons on the dreadfulness of sin, and as Dan was an unrepentant sinner, an awakened conscience led to the suicide; but the scoffers have a theory that death might reasonably be preferred to hearing one of Newling's long discourses.

FRIDAY, FEBRUARY 13, 1903  
WASHOE COUNTY.

If anybody is looking for a good place to make a farm, Washoe county is the place for him. If he wants to invest a few hundred dollars in land and a few thousand in honest, hard work, such as our forefathers did in Ohio and New York, Washoe county wants him. If he has horses, and harrows, and plows, and boys, let him bring them here and put them to work on any of fifty pieces of sage land within five miles of the handsomest town on the coast, and in five years he will be independent and comfortable. If anyone has grub enough to last until winter, and a good pick and shovel, he can find dozens of fine prospects where he can either open up a bonanza, or throw away his summer's work, according to his luck. On the other hand, if he wants to come and sell groceries or boots and shoes or dry goods, or clerk in a store, or practice law or medicine, or loaf around the saloons and drink whisky and steal or beg, Washoe county does not want him. We have plenty of merchants, clerks, lawyers, doctors and preachers to do twice the business there is in the county. We need workers—men who put brain in their motions, and strength in their blows, and to such, we can offer the highest inducements. To the other classes we can only offer dull times and small profits.

## CHINESE OR WHITE LABOR.

There is considerable feeling manifested all over Western Nevada at the proposition of the V. & T. R. R. to employ Chinese labor on the Bodie branch. Corporations have no souls, and there is little reason to doubt that if the work can be done more cheaply by one class of labor than another, the company will adopt that which will cost the least. We sincerely hope that Mr. Yerington will make no mistake in favor of the foreigner. If there is any doubt, we hope he will give white labor the benefit of it. There are large numbers of idle men in the state who would be glad to put in a summer's work, at wages that would make them cheaper in the end than Chinamen. Outside of this, there is a very strong prejudice growing up against the practice of giving Chinamen work and letting white men go hungry. While every man has a right to manage his own business in his own way, yet it would be the part of wisdom, and it is our duty to tell them so, for capitalists to pay some attention to this universal sentiment. We do not want any sand lots in Nevada, and there need be none, if the rich will make even trifling concessions to the laboring classes.

## RAILROAD FAILURES.

The general impression that railroads are rich is not well-founded. The rich ones are the exceptions instead of the rule. A late member of the *Railway Age* says: "The year 1879 witnessed the winding up of more railway companies than any previous year, and more than twice as many as our record showed for 1876. Seventy-five roads, representing a nominal investment of \$249,000,000, were sold under foreclosure. The following summary gives a comparative view of the annual work of foreclosure since 1876:"

Year	No. of Miles.	Capital Invested.
1876	30	\$217,846,000
1877	54	\$375,198,840,000
1878	54	\$375,198,840,000
1879	65	\$459,946,388,000
Total in four years 1876-1879	153	\$971,768,000

"In the last four years, therefore, about one-fifth of the entire railway mileage and capital of the United States has been compelled to change ownership by forced sale."

## WHO ARE CANDIDATES.

From the New York Sun.  
Our esteemed contemporary, the *World*, has been manifesting much concern of late to know whether Mr. Tilden is a candidate for President. We can answer the *World*: Mr. Tilden is a candidate.  
Mr. Seymour is a candidate.  
Mr. Bayard is a candidate.  
Mr. Thurman is a candidate.  
Mr. Samuel J. Randall is a candidate.  
Gen. Hancock is a candidate.  
Gen. John M. Palmer is a candidate.  
David Davis is a candidate.  
Sanford E. Church is a candidate.  
Stephen J. Field is a candidate.  
Elihu B. Washburne is a candidate.  
Roscoe Conkling is a candidate.  
Wm. M. Evans is a candidate.  
John Sherman is a candidate.  
James G. Blaine is a candidate.  
Gen. Grant is a candidate for President and Senator.  
Of course we know nothing in particular about Mr. Tilden's candidacy; but we know that the rule, once a candidate, always a candidate, has never had an exception.

## EDITORIAL NOTES.

A dissatisfied shipper at Verdi sends us a few lines which we insert in another column. The philosophy of the people of Nevada is not equal to the task imposed upon it by the Railroad companies. There is much feeling on the matter on all sides, and while many things would be explained away if they were better understood, yet there are some which must be changed before the question will be allowed to rest.

The bogus \$5 coin, reported in the *San Francisco Bulletin* as being in circulation, bears the date of "1860." It is so perfectly executed that coin experts have pronounced it genuine. Its true character can only be ascertained by testing its specific gravity or by analysis. Its specific gravity is only 15, when the specific gravity of the genuine coin is 17, and its value is only \$3.60, or \$1.40 less than its face.

The Pacific Mail Steamship Company and the overland railroads are now in direct competition for passenger and freight traffic. The steamship rates from New York to San Francisco are now \$75 for first-class and \$35 for steerage passengers. The railroad fares have been reduced to \$100 for first-class and \$75 for second-class tickets.

"Dr. George von Tromlitz of 312 Kearney street, San Francisco, the well-known corn doctor," is advertised in *Elko*. Somehow that name, without the von, has a familiar look.

JEWELRY

\$75.00 worth for \$15.00.

—AND A—

Solid Abyssinian Gold Watch

FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for \$1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of \$2.50; on receipt of \$1, articles to the value of \$5, and so on until the entire stock is sold.
